*Whereas for the following currency pairs: EURSEK, USDDKK, USDMXN, EURNOK, USDNOK, USDZAR, USDPLN, USDSEK, USDTRY and EURTRY leverage remains same 1:100

2. For silver, the maximum level of leverage is 1:100

3. For gold, the maximum leverage is 1:150

4. For agriculture products, the maximum level of leverage is 1:50

Risk Statement: Trading in Contracts for Difference (CFDs) is highly speculative, involving a significant risk of losing some or all of the invested capital, so you should not speculate on capital that you cannot afford to lose. CFDs are complex instruments and come with a high risk of losing money due to leverage. A high level of leverage can work against you as well as for you. Before deciding to trade any such leveraged products, you should carefully consider your investment.
