
Important announcement about trading oil and indices

Dear clients,

We inform you that Investiciono društvo Limit Prime Securities AD Podgorica will for the following products:

- 1. oil (USOIL and UKOIL) i**
- 2. all indices (DE40c, FRA40c, UK100c, DOW30c, NQ100c, SP500c)**

switch from a spot financial instrument to futures.

This means that the old symbols for these products will be abolished and new ones will be opened.

Until May 30, 2023, you will be able to trade oil/indices with a spot financial instrument, and from May 30, 2023, you will only be able to close open positions with a spot financial instrument, i.e. the symbols mentioned above will be on Close only.

From May 30, 2023, you can continue trading with oil/indices futures.

Trading with oil and indices will continue under the same conditions as it was until now only with futures prices.

In order to be able to see all the symbols and trade with them, you need to right-click on one of the symbols in the market watch and select show all, and that way you will see all the symbols available for trading.

All trading conditions are available on the platform and on the Company's website.
