
Important notice about open positions with spot symbols

Dear clients,

We inform you that Investment Company Limit Prime Securities AD Podgorica will for the following products:

1. oil (USOILc and UKOILc) i
2. all indices (DE40c, FRA40c, UK100c, DOW30c, NQ100c, SP500c)

today 06/30/2023 after 12:00 p.m., transfer all open positions you have with the above symbols to futures symbols that have a rollover (continuous trading with symbols regardless of the expiration of the futures contract).

The old position (position with spot symbols) will be closed without profit/loss (with a result on it in the amount of 0) and a new position on (position with futures symbols that have a rollover) will be opened at the same opening price and with the same SWAP. If there is a price difference between the two positions that will be seen through profit/loss, it will be compensated/deducted from the client (through charge-rollover) so that the final balance (Equity) will remain the same.

With the new symbols, continuous trading will be enabled using the rollover.

Trading with oil and indices will continue under the same conditions as it was until now only with futures prices.

In order to be able to see all the symbols and trade with them, you need to right-click on one of the symbols in the market watch and select show all, and that way you will see all the symbols available for trading.

Trading with these symbols continues in the same way and under the same conditions, there will be no interruption.

All trading conditions are available on the platform and on the Company's website.
