
Important Notice About Trading Oil and Indices

Dear clients,

We inform you that Investiciono društvo Limit Prime Securities AD Podgorica will for the following products:

1. oil (USOIL and UKOIL) i
2. all indices (DE40c, FRA40c, UK100c, DOW30c, NQ100c, SP500c)

from June 1, 2023, to switch from a spot financial instrument to futures.

This means that the old symbols for these products will be abolished and new ones will be opened.

You need to close the open positions you have with oil and indices no later than May 31, 2023 at 12:00 p.m., otherwise the system will close them at the last available price.

Trading with oil and indices will continue under the same conditions as it was until now only with futures prices.

All trading conditions are available on the platform.
